I have added more recommendations from David and Jackie in the attached version 2 of talking points after the meeting we just had with DTSC. Thank you for your input.

Attached are draft materials for Enrique's briefing.

I can't think of very much for talking points, but please help add content.

Enrique & Angeles requested the brownfields fact sheet to give to the Mayor. I will bring extra copies to the Mayor's meeting if they still want to do that.

I don't know if I should give Enrique the Comm Plan or not, since it's so long. But I know this has been very important to him in past meetings. EPA did not submit comments on the previous draft because it is not a public document, and our priority was prep for the 2/8 and 2/15 meetings. However, DTSC did submit comments. We can make comments on this version now.

I could also attach the news articles, but I assume Enrique has already seen those. So that might not be necessary.
